Forecast and Warning

IMD and CWC Forecast

CWC Flood Situation Summary

On 11th August, 2021, 30 Stations (14 in Bihar, 12 in Uttar Pradesh and 1 each in Assam, Jharkhand, Rajasthan & West Bengal) are flowing in Severe Flood Situation and 23 stations (14 in Bihar, 6 in Uttar Pradesh and 3 in Assam) are flowing in Above Normal Flood Situation. Inflow Forecast has been issued for 25 Barrages & Dams (8 in Karnataka, 4 each in Jharkhand & Uttar Pradesh, 3 each in Andhra Pradesh & Tamil Nadu and 1 each in Madhya Pradesh, West Bengal & Telangana).

CWC Flood Advisories

Yamuna and its Tributaries - West Madhya Pradesh, East Rajasthan & Uttar Pradesh

- Hydrological situation in tributaries of Yamuna are gradually returning back to normal due to cease of rainfall over the area. Only in lower reaches of Chambal and Betwa flood situation exists. Dholpur (Chambal river) & Hamirpur (Betwa river) districts are in severe flood situation. In main Yamuna, water levels in districts such as Etawah, Auraiya, Jalaun, Hamirpur & Banda are in above normal to severe flood situation with decreasing trend. In the tail end regions of Yamuna in district Prayagraj, water levels are currently in steady state. Alert may be kept in downstream districts of Prayagraj, Mirzapur, Varanasi, Ghazipur and Ballia of U.P. on river Ganga during the next 2 days. Panchana (Karauli dist.) and RanapratapSagar (Chittorgarh dist.) dams of Rajasthan are having high storages; hence releases from these dams may be done as per SOP by informing downstream Districts of lower riparian states.

Ganga basin- Uttar Pradesh, Bihar, Jharkhand & West Bengal

- Due to combined effect of river runoff from Yamuna and northern tributaries of Ganga, main Ganga is flowing in above normal to severe flood situations from districts Prayagraj (U.P) to Murshirabad (West Bengal) with rising trend. Alert may be kept in districts Prayagraj, Varanasi, Ghazipur (U.P), Buxar, Patna, Munger, Bhagalpur (Bihar), Sahibganj (Jharkhand) & Malda, Murshirabad (West Bengal). Inflow from Yamuna and its tributaries will further increase the water level of main Ganga stem in Bihar in next 2 to 3 days. In district Patna water levels in Ganga river is rising at the rate of 0.7 cm/hr and at site Dighaghat (CWC site) it is expected to reach 51.42 m by 08:00 hrs of 12.08.2021. Middle reaches of Ganga river in districts such as Hapur, Badaun & Farrukhabad (Uttar Pradesh) are in above normal to severe flood situations. River Ghaghra in Barabanki, Ayodhya & Ballia (Uttar Pradesh) and Siwan (Bihar) districts are flowing in Above Normal Flood

Forecast and Warning

IMD and CWC Forecast

CCWC Flood Advisories

- Situation. River Sone and Punpun rivers is flowing in severe flood situation in Patna. IMD has forecasted heavy rains over Ghagra catchment in next 2 to 3 days and in all major river basins of U.P & Bihar such as Rapti, Gandak, Bagmati & Kosi from 12.08.2021 onwards, hence, alert may be kept in almost all districts of east U.P & Bihar. Currently the flood originated in tributaries of Yamuna last week is passing through Ganga and it may take another 4 to 5 days to pass through completely; in such situation further runoff created due to intense rainfall in the catchments of north tributaries of Ganga may not stream into Ganga easily. The flooding situation in districts such as Ballia (U.P) & Praygraj, Saran, Bhagalpur, Katihar (Bihar) may get accentuated. Currently River Kosi in Supaul, Khagaria & Katihar districts, River Bagmati in Muzzafarpur & Darbhanga districts, River Gandak in Gopalganj & Vaishali districts, River Adhwara in Darbhanga District, Rivers Kamla & Kamlabalan in Madhubani district, River Burhi Gandak in Samastipur & Khagaria districts, River Parman in Araria, River Mahananda in Purnia district are flowing in severe to above normal flood situations. IMD has forecasted very heavy rains over Bagmati & Adhwara rivers catchment in next 24hrs, hence, alert may be kept in districts Madhubani, Sitamarhi, Muzaffarpur, Samastipur & Darbhanga districts. Also alert may be kept in Khagaria & Bhagalpur districts.

Brahmaputra, Barak and its tributaries – Assam, West Bengal, Sikkim & Meghalaya

- IMD has predicted very heavy rains in the catchment of Brahmaputra and its tributaries in coming days, hence, alert may be kept in Assam, West Bengal, Sikkim & Meghalaya, mainly in districts Kokrajhar, Chirang, Barpeta (Assam) and South – West Khasi hills & East Khasi hills (Meghalaya). Alert to be kept in the basins of Gurang, Manas, Teesta, Raidak, Rangpochu, Rangit, Jaldhaka, Torsa, Beki, Pagladiya & Puthimari rivers. Currently river JiaBharali in Sonitpur district is flowing in severe flood situation and river Beki in Barpeta districts is flowing above normal flood situation.

- 02 teams of SDRF/PAC have been deployed for rescue and relief operation.

Humanitarian Response

Government Preparedness and Response

Situation Overview

- Landslide in Kinnaur Himachal Pradesh:-** As per report received from SEOC, Himachal Pradesh, massive land slide Incident has taken place at NH-05 near Nigulsari, tehsil Nichar, District Kinnaur at about 1200 hrs. resulting 08 to 10 light vehicles including HRTC bus (HP 25A 3048) and truck were buried under the debris, as per initial report the bus was going from Kinnaur to Haridwar in which approx 30 to 35 persons were traveling.
- Till now 13 persons have been safely rescued, 10 persons have been dead, 13 persons got injured and 20 to 25 persons are still missing. All injured persons have been sent to CHC Bhavnagar for further medical treatment. One passenger vehicle (Tata Sumo) has been recovered in which 8 persons found dead and send for Postmortem at CHC-Bhawanagar. One HRTC Bus and its passengers are still buried under the debris. One truck roll down towards the river side due to the Shooting Stone & body of deceased persons (Driver) has been recovered.
- The rescue operation and restoration works are still going on at the incident site Medical team with necessary equipments and 10 ambulances have been reached at incident site. Deputy Commissioner Kinnaur is on the spot and monitoring the search and rescue operation. 8. Kinnaur Shimla Road NH-5 has been blocked due to this landslide incident.
- Indian Army has despatched a column of three officers, three JCO and 45 other ranks from Karcham with one medical & one Engineer officer. The column has a recovery vehicle, ropes and an Ambulance. More teams are being prepared for deployment as per requirement.
- Two Army ALH helicopters have been deployed for recce and rescue operations. Search and rescue teams of NDRF, ITBP, CISF, Local police, Home guard and Incident Response Team have been reached at incident site. Search and rescue operation is going on, however, sliding/shooting stones and rock fall is interrupting the search and rescue operation.
- Restoration work of road communication is in progress.
